Subject:- WHO-GMP Certification

In Rajasthan, the patients visiting the government hospitals get the essential drugs free of cost; the procurement of drugs is done through Rajasthan Medical Services Corporation, a centralized procurement agency.

Improvement in availability & quality of medicines on sustained basis is our prime concern. This would enhance acceptance for generic medicines and you are our valuable partner in this concern.

With an aim to ensure better quality of supplies and to assure public at large about the same, it is now decided that "WHO-GMP Certificate issued by the Licensing Authority" will be mandatory condition for bidders participating in the bids published by RMSC from 01.01.2016 onwards for Drugs & medicines. The bidders may accordingly prepare them self to meet the said condition.

We value our relationship and wish to take it forward. If you have not already obtained WHO-GMP certification then you are hereby advised to secure the proposed certification at the earliest.
