RAJASTHAN STATE POLLUTION CONTROL BOARD,
4, INSTITUTIONAL AREA, JHALANA DOONGRI, JAIPUR

Action Taken Report of the Rajasthan State Pollution Control Board as on 31.3.2016

(In Compliance of orders of The Hon'ble Supreme Court of India, Dated 14.10.2003 regarding Management of Hazardous Wastes)

1.0 Background:

For management of hazardous waste in the country and for effective implementation of the Hazardous Waste (Management & Handling) Rules, 1989, a Writ Petition No. 657 of 1995 entitled Research Foundation for Science, Technology & Natural Resource Policy V/s. Union of India & other is pending before the Hon'ble Supreme Court of India. In compliance of the directions of the Hon'ble Supreme Court, a High Powered Committee (HPC) under the Chairmanship of Prof. M.G.K. Menon was constituted in 1997 by the Ministry of Environment & Forest, Government of India. The HPC submitted its final report to Supreme Court in January, 2001. The report of HPC is quite comprehensive and deals with various aspects on the status of hazardous waste management in the country and issues relating to implementation of the provisions of the Environment Protection Act, 1986 & Hazardous Waste (Management & Handling) Rules, 1989, made there under. The court after having considered the recommendations made by the HPC in its report, passed a comprehensive order on 14.10.2003 and directed the concerned authorities to take follow up action in a time bound manner. The court also appointed a Monitoring Committee under the Chairmanship of Dr. G. Thayagarajan to monitor the compliance of directions passed by the Hon'ble Supreme Court. The monitoring committee, as directed by the court, is also required to submit quarterly report before the court regarding action taken by all concerned.

This Action Taken Report (ATR) is submitted herewith by the Rajasthan State Pollution Control Board (RSPCB) as follows:

2.0 Directions Passed By the Hon'ble Supreme Court:

The Hon'ble Supreme Court by order dated 14.10.2003 was pleased to issue various directions to the concerned authorities for effective implementation of the provisions of EPA & the rules made there under for proper management of hazardous waste. The court was pleased to order

compliance of the directions within the specified period. The brief of the directions passed by the court relating to the State Board is as follows:-

S.No.	S.No. of the Schedule	Activity	Time Frame
01.	6	Closure directions to the units operating without any authorization or in violation of conditions of operations issued under HW Rules, 1989 as amended.	3 Weeks
02.	13.	Directions regarding display of relevant information on HW by concerned units	4 Weeks
03.	15.	Preparation of State/ UT inventories reg. HW generation by SPCBs/PCCs	3 Months
0.4	17.	Submission of the State/ UT Inventories regarding HW generation before this Hon'ble Court for preparation of National Inventory.	5 Months
05.	18.	Preparation of State/UT Inventories regarding waste dump sites and Rehabilitation Plan.	3 Months
06.	20.	Submission of the said inventory and Rehabilitation Plan before this Hon'ble Court	5 Months
07.	22.	Fixing time frame for implementation of Rehabilitation Plan by SPCBS/PCCS.	3 Months

3.0 Action Taken Report of RSPCB in Compliance of the Directions:

3.1 Status of Authorization & Compliance of Closure Directions:

3.1.0 Under the provisions of the Hazardous Waste (Management & Handling) Rules, 1989, the State Board had submitted the status of implementation of the rules in the State to the Hon'ble Supreme Court through its affidavit in July, 1997.

Hazardous Waste (Management & Handling) Rules, 1989 were subsequently superseded by Hazardous Waste (Management, Handling & Transboundary Movement) Rules, 2008, vide notification dated 24/09/2008. The State Board is regularly conducting survey, inspections of hazardous waste generating units in light of the amended rules and presently identified 1085 units up to 31/3/2016 which are covered under the Schedule "1" and "2" of the amended Hazardous Waste (Management, Handling & Transboundary Movement) Rules, 2008.

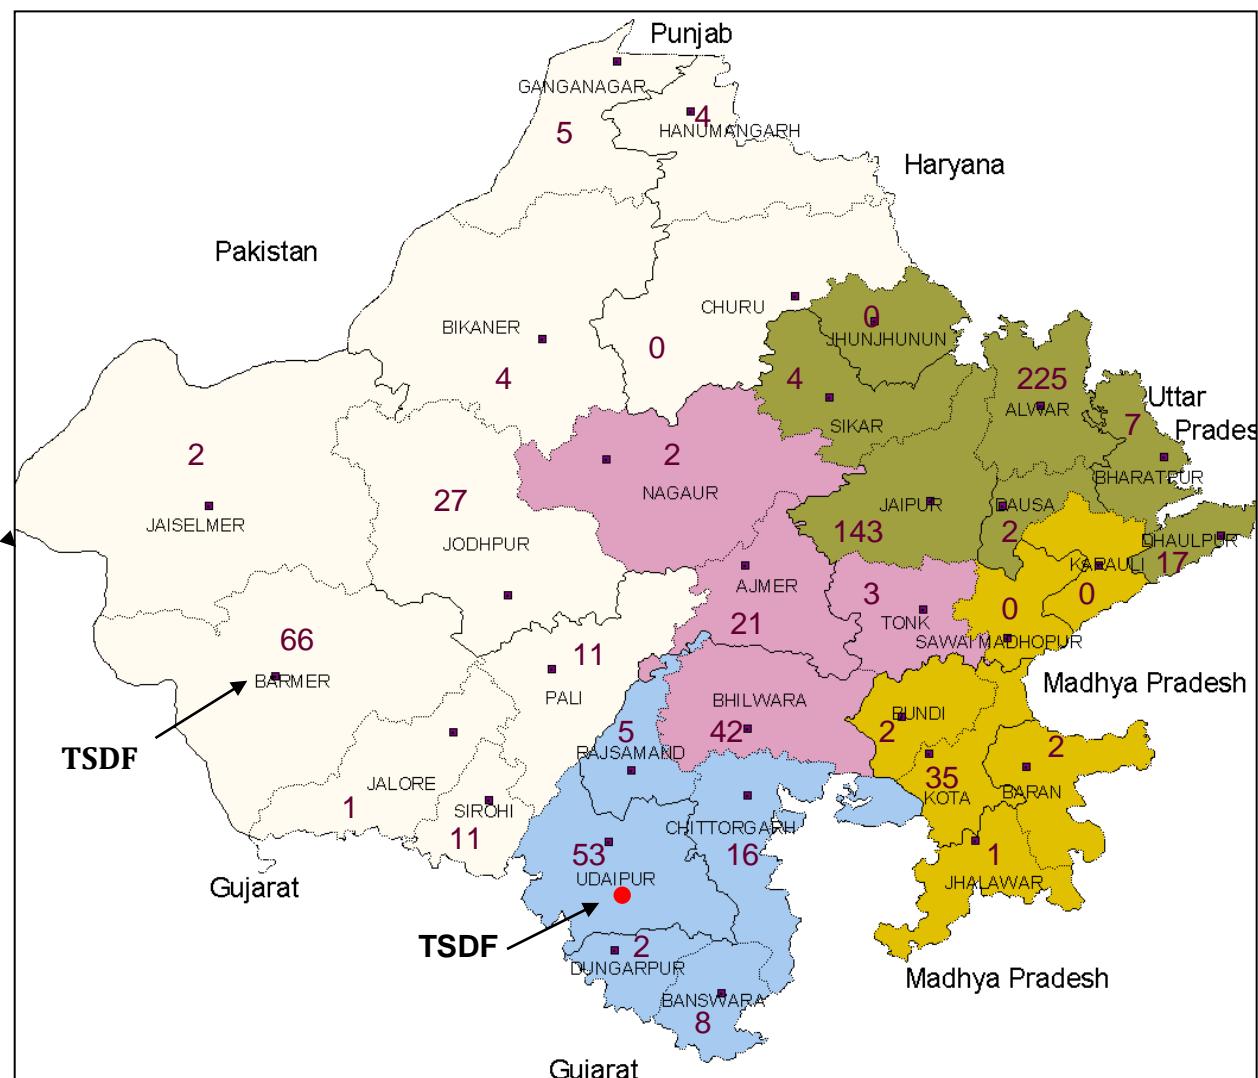

Out of identified 1085 industries, 158 industries are closed since long or dismantled or closed subsequent to the directions issued for violation of the provisions of EP Act 1986, 31 industries discontinued their hazardous waste generating process, 67 units of pharmaceutical/ pesticides formulation units which are generating bare minimum quantity of hazardous waste in form of off-specification products during formulation or expiry of products & 108 units generate spent oil from their D.G. Sets, compressors or system. Thus the number of potential hazardous waste generating units in the state is only 721.

Enlistment of the potential hazardous waste generating units in different sectors is summarized in Table 3.1. It is observed from the table 3.1 that Engineering, Secondary production of metals, Textile, Chemical, Petroleum drilling/Storage, Steel rolling mills and Waste oil re-refiners sectors constitute maximum number of potentially hazardous waste generating units.

3.1.1 District wise identification & inventory of potential hazardous waste generating industries

As per updated information 721 potential hazardous waste generating industries in Rajasthan are located in 28 districts out of total 33 districts in the State. Five districts namely Churu, Jhunjhunu, Pratapgarh, Karauli and Sawai Madhopur do not have any industry generating potential hazardous waste. The district wise distribution of potential hazardous waste generating industries is presented in Table 3.2. The District/ Industrial Sector wise distribution of potential hazardous waste generating industries is presented in Table 3.3. Inventory of potential hazardous waste generating units in Rajasthan is enclosed at **Annexure-2**

Fig: 1- State Map showing total no. of Potential Hazardous Waste generating Unit in Districts

Total 721 Potentially Hazardous waste Generating Units

Table 3.1
Sector wise Summary of Potential Hazardous Waste Generating Units in Rajasthan.

3.2 The current status of the implementation of rules with potential hazardous waste generating industries in the State (As on 30/06/2015) is as under:-

S.No.	Particulars of the Units	No. of Units (As on (31/03/2016)
I.	Total no. of Hazardous Waste generating units	721
II.	No. of units having valid authorization	566
III.	No. of units whose authorization application are pending/expired	45

3.3 Difficulties experienced in taking decisions for issuance of authorization/ closure directions related with Common Effluent Treatment Plants (CETPs):

In the State, the major sector generating hazardous waste in form of chemicals residues & E.T.P. sludge from textile units is concentrated in western Rajasthan. In Pali, Jodhpur, Jasol, Bithuja & Balotra, the small scale textile units are connected with Common Effluent Treatment Plants (CETP) where hazardous waste is generated in the form of chemical residue and ETP sludge. The CETPs at these places have been installed, commissioned & operated by the respective Trusts. Besides a Common Effluent Treatment Plant have also installed at Bhiwadi & Manpur Macheri for multiproduct industries & tanneries respectively.

With continuous persuasion of the Board, the Trusts of CETP Jodhpur, CETP Balotra, CETP Pali, CETP Bhiwadi, CETP, Bituja & CETP Jasol have obtained membership of Common Treatment, Storage & Disposal Facilities at Udaipur and Balotra for disposal of sludge. Besides the above, Central Pollution Control Board has already granted regular permission for co processing of CETP sludge generated from CETP Jodhpur and Bhiwadi to M/s Shree cement, Beawar and CETP sludge of Pali to M/s M/s Shree cement, Ras, Pali.

3.4 Hazardous Waste Treatment, Storage & Disposal Facilities in The State :

In the State following disposal practices/arrangements have been developed/ encouraged for recycling/co-processing/disposal of hazardous wastes of the potential hazardous waste generating units:

- Common Treatment, Storage & Disposal Facilities – Two
- Individual Secured Land Fill Facilities -- Eight
- Common Incinerator – One
- Individual Incinerators – Seven
- Recycler/re-processor of the used/waste oil – Thirty three
- Disposal by co-processing -- in major cement plant

The list of industries having Secured Land Fill Facilities (SLF) and or incinerators is enclosed at **Annexure -1.**

3.5 Development of Common Treatment, Storage & Disposal Facilities (CTSDF) and other disposal practice in the State

To ensure the compliance of Hazardous Waste Management, Handling & Transboundary Movement) Rules, 2008, earlier Hazardous Waste (Management & Handling) Rules 1989, it is necessary to have Common Treatment, Storage and Disposal Facility (CTSDF) for the scientific disposal of hazardous waste, generated by the various industries in the State. The present status is as under:

A. Common Treatment, Storage & Disposal Facilities (CTSDF) Udaipur

Subsequent to pursuance of the State Board, Udaipur Chamber of Commerce and Industries (UCCI), Udaipur identified a site near Village Gudli, Teh Mavli Distt. Udaipur. The area of the site was 8 Hectares. The State Board took initiative for development of CTSDF and carried EIA study of the referred site through M/s. National Productivity Council (NPC) in the year 1996. The State Board forwarded EIA report with recommendations to the State Govt. The State Govt, satisfied with recommendations of the State Board, set apart the site vides Gazette Notification No. SO 290 dated 1/12/97.

The UCCI subsequently constituted a Trust in 2002 named as Udaipur Industrial Waste Management and Research Centre (The Trust) under the Chairmanship of district Collector, Udaipur for development of disposal facility on set apart land. The Trust selected M/s. Ramky Enviro Engineers Ltd. Hyderabad for development of disposal facility on BOT basis at envisaged cost of Rs. 18 Crores. The work of development of 1st Phase of the CTSDF is completed and commissioned in the end of October 06. The second cell has also been developed which made operational in the month of March, 2012. The State Board has also granted authorization which is valid

up to 31.03.2017. CTDF's application of renewal of authorization is under consideration. The facility has received 24130 MT of hazardous waste for landfill in the period of 1.04.2015 to 31.03.2016.

B. Integrated Hazardous Waste Treatment and Disposal Facility at Balotra

The Balotra Water Pollution Control and Research Foundation Trust, Balotra (CETP Trust, Balotra) has submitted proposal for development of Secured Land Fill Site/Common Treatment and Disposal facility for disposal of CETP sludge near village Kher, Tehsil Pachpadra, District Barmer. Public hearing for the site was held on dt. 29.5.2007. Subsequently, Department of Environment, Government of Rajasthan vide letter no. F.5(8)Env/07 dt. 17.1.2008 granted approval of site under section 8(6) of the Hazardous Waste (Management & Handling) Rules, 1989 for setting up of "Common Hazardous Waste Treatment and Disposal Facility" (CTDF) aiming primarily at the development of the land as a "Secured Land Fill Site" @ 5000 TPA & treatment and stabilization @ 15000 TPA to handle CETP sludge of Balotra, Jodhpur & Pali, waste from oil & gas exploration & other hazardous waste. The total project cost is Rs 9.00 Cr having a land area of 30 acres. Environmental Clearance under EIA notification, 2006 was granted by Ministry of Environment & Forest (MoEF), Delhi vide letter dated 15.9.2008 for development of secured land fill site at Balotra, Distt. Barmer.

CETP Trust, Balotra has assigned the work for the development of integrated Hazardous Waste Treatment and Disposal Facility to M/S. Ramky Enviro Engineers Ltd., Hyderabad in August, 2009 on BOOT basis.

The State Board has also granted authorization to the facility for hazardous Waste Treatment and Disposal Facility at Balotra vide letter dated 05.02.2015, which is valid up to 31.03.2017. The facility has commenced operation from 1.04.2011 and 27651 MT of hazardous waste has been disposed at the landfill between the period of 1.04.2015 to 31.03.2016.

D. Co-processing of hazardous waste

The Central Pollution Control Board has granted regular permission for co-processing of following hazardous waste in the Cement kiln of Cement industries in the state:

Sl. No.	Name of the Cement Plant	Name of the Waste
1.	ACC Ltd., Lakheri Cement Works, P.O. Lakheri Distt. Bundi (Rajasthan) 323 603	Chemical ETP Sludge (Automobile industry), ETP Sludge (CETP, Pali), Phosphate Sludge (Automobiles Industry), Grinding Muck (Textile Machine Manufacturing Industry)
		Spent Carbon (Soft drink industry), Oily Rags (Automobile industry), WTP Sludge (Soft drink industry), ETP Bio-solid (Soft drink industry), Grinding dust (Rolling bearing & sealing industry)
		Organic plating sludge & dyeing sludge (Metal zippers Manufacturing Industry)
		Grinding waste, oil soaked cloth & ETP sludge (M/s Gillette India Ltd., Bhiwadi) Drill cuttings (M/s Cairns India Limited)
2.	Ambuja Cements Ltd., P.O. Rabriyawas, Teh. Jaitaran Distt. Pali (Rajasthan)	Paint sludge
		ETP sludge (M/s Sona Processors (India) Ltd., Bhilwara -Textile Industry)
3.	M/s Shree Cement Ltd., Andheri Deori, Post Box No. 33, Bangur Nagar, Beawar, District – Ajmer, Rajasthan - 305901	ETP Sludge (Textile Industries)
		Paint sludge (process waste residue of automobile ind.)
		CETP sludge of Jodhpur Pradushan Niwaran Trust
		Organic Residue
		spent clay
		Waste/residue containing oil
		CETP sludge (Bhiwadi Pradushan Niwaran Trust)
4.	M/s Shree Cement Ltd., Village-RAS, Tehsil- Jaitaran, Distt.-Pali, Rajasthan.	Paint sludge (automobile industry)
		ETP sludge (Textile industry)
		CETP sludge (Pali)
		ETP sludge & Phosphate sludge

5.	M/s Trinetra Cement Ltd., Mahi Cement Works, P.O. Walwana, Banswara - 327 025, Rajasthan.	Waste mix liquid & solid (GEPIL, Surat).
6.	M/s Ultra tech Cement P.O. Mohanpura, Tehsil Kotputli, Distt. Jaipur, Rajasthan 303 108	Paint sludge; phosphate sludge; chemical ETP sludge(automobile industries) and liquid organic solvents (pharma industries) spent carbon, ETP Bio Solid and WTP sludge (soft drink industries)
7.	Ultra Tech Cement Ltd., Aditya Cement, Adityapuram, PO Sawa Distt. Chittorgarh (Rajasthan) -312 612	ETP Sludge (Textile Ind.) Lead Zinc Slag (Hindustan Zinc Ltd.) Phosphate sludge & ETP Sludge (Automobile Industry) Contaminated plastic waste (Board & Paper industries, Vapi, Gujarat) Paint sludge [M/s MSIL (Gurgaon & Manesar)]
8.	Ambuja Cement Ltd., P.O. Rabriyawas, The. Jaitaran, Distt. Pali (Rajasthan)	Grinding muck (M/s Bosch Ltd., Jaipur)
9.	Shree Cement Ltd., Village-Ras, Tehsil-Jaitaran, Distt. Pali (Rajasthan)	Oily rags and Incineration ash (Automobile industries) Waste residue containing oil of M/s NBC Jaipur Grinding waste and oil soaked cotton of Gillette India Ltd.
10.	J.K. Laxmi Cement Ltd., Jaykaypuram, Distt. Sirohi (Rajasthan)	Plastic waste of board and paper industries, Vapi, Gujarat.
11.	Lafarge India Pvt.Ltd., Chitttoragh (Rajasthan)	Drill cuttings containing oil (M/s Cairn India Limited)
12.	J.K. Cement Works, Nimabahera and Mangrol, Chittorgarh	ETP Sludge of Textile unit generated from waste water treatment plant, Lead Zinc slag, Waste Mix Solid and Liquid

3.6 Directions Regarding Display of relevant Information's on Hazardous Waste by Industrial Units.

All the 721 identified potentially hazardous waste generating units have largely complied with the directions for display of relevant information on hazardous waste at their main gate for public awareness. The State Board has received proof in support of compliance from 721 units. Therefore, the Board has not issued direction of closure to any industry.

3.7 Inventory of Hazardous Waste Generated In the State:

In the State there are 33 districts but only in 28 districts 721 industrial units have been identified generating potential hazardous waste as per provisions of the rules. The district wise generation of hazardous waste & its disposal practices is given in Annexure-2 and Sector wise generation of hazardous waste & its disposal practices is given in Annexure-3. The State Board has prepared detailed inventory of potentially hazardous waste generating units as per the suggested guidelines of CPCB, which is enclosed as **Annexure-4**.

The details of generation of hazardous waste in different schedule as specified under HW (M,H & TM) Rules-2008 & their disposal practices are as under:

- (A)** Hazardous waste generation in potential hazardous waste generating units

Hazardous Waste Generation	Quantity (MTA)
1-Schedule- 1	874811
2- Schedule- 2	57176
Total	931987

Hazardous Waste Generation	Quantity (MTA)
1-Land Disposal	640138
2-Incineration/ Co-processing	63571
3-Reprocess/ Recycle	228278
4-Discarded Containers (in numbers)	303811
Total (1 to 3)	931987

Note : The hazardous waste generation are based on the authorization issued under Hazardous Waste (Management, Handling & Transboundary Movement) Rules, 2008 but would vary depending upon the actual production by the unit.

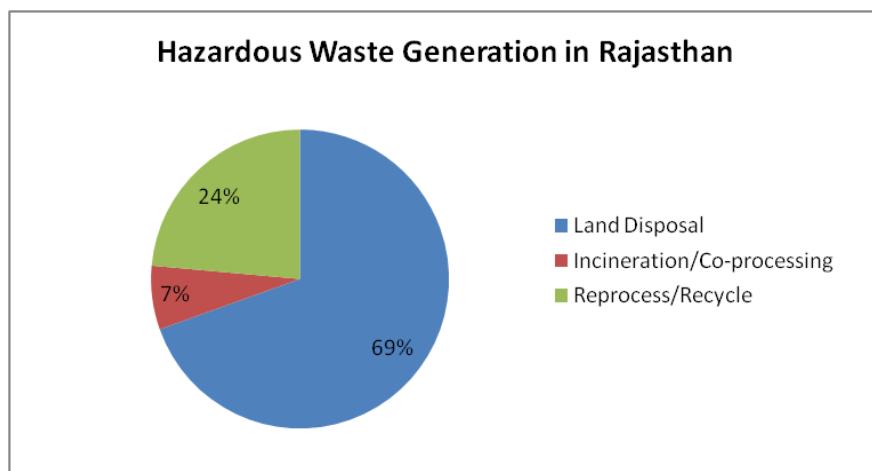

Fig.-2 Hazardous Waste Generation in Rajasthan

(B). Generation of hazardous wastes in major category/groups

The available compilation of the various category of hazardous waste in the State reveals that the major contribution of the waste is primarily from M/s. Hindustan Zinc Ltd.(6 units) and 6 numbers of Common Effluent Treatment Plants and the rest waste is generated from the other units of the State. Details are as under:

S.No.	Name of Unit	Hazardous Waste Disposal Practice			
		Land Disposable (MTA)	Incinerable (MTA)	Recyclable (MTA)	Total (MTA)
1.	M/s. Hindustan Zinc Ltd. (8 Units)	537553	5482	102744	645779
3.	CETP (9 units)	45612	0	0	45612
4.	Other units	56973	58089	125534	240596
	Total	640138	63571	228278	931987

It would be clear from the above compilation that the highest quantity of hazardous waste in the State is generated by the units of M/s. Hindustan Zinc Ltd., which is 6,45, 779 MTA (69%), followed by Common Effluent Treatment Plants, which is 45612 MTA (5%). The contribution of other remaining industries is only 240595 MTA (26%).

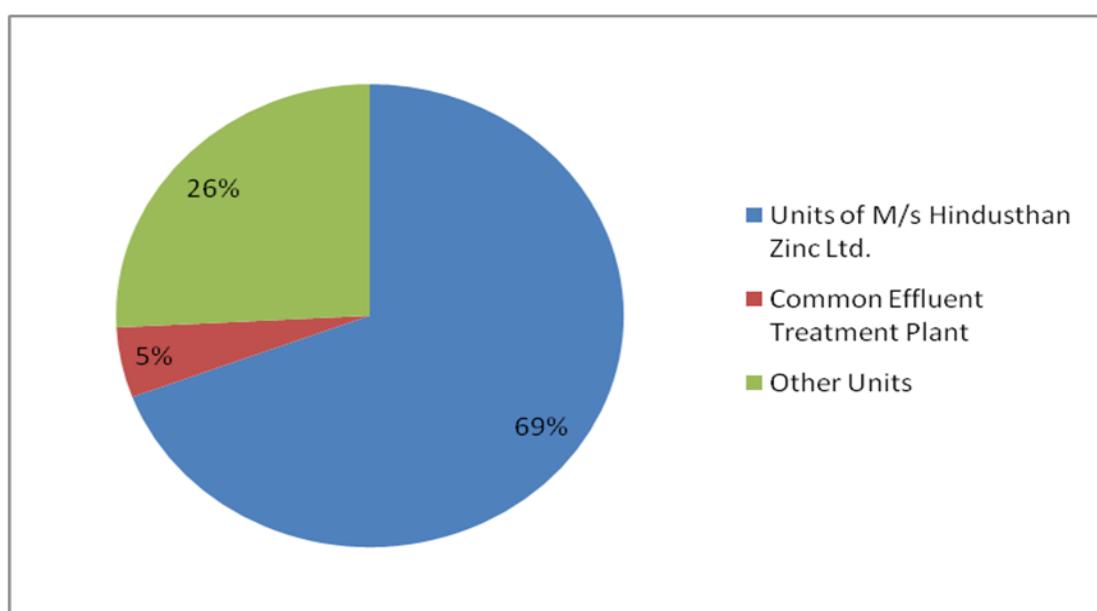

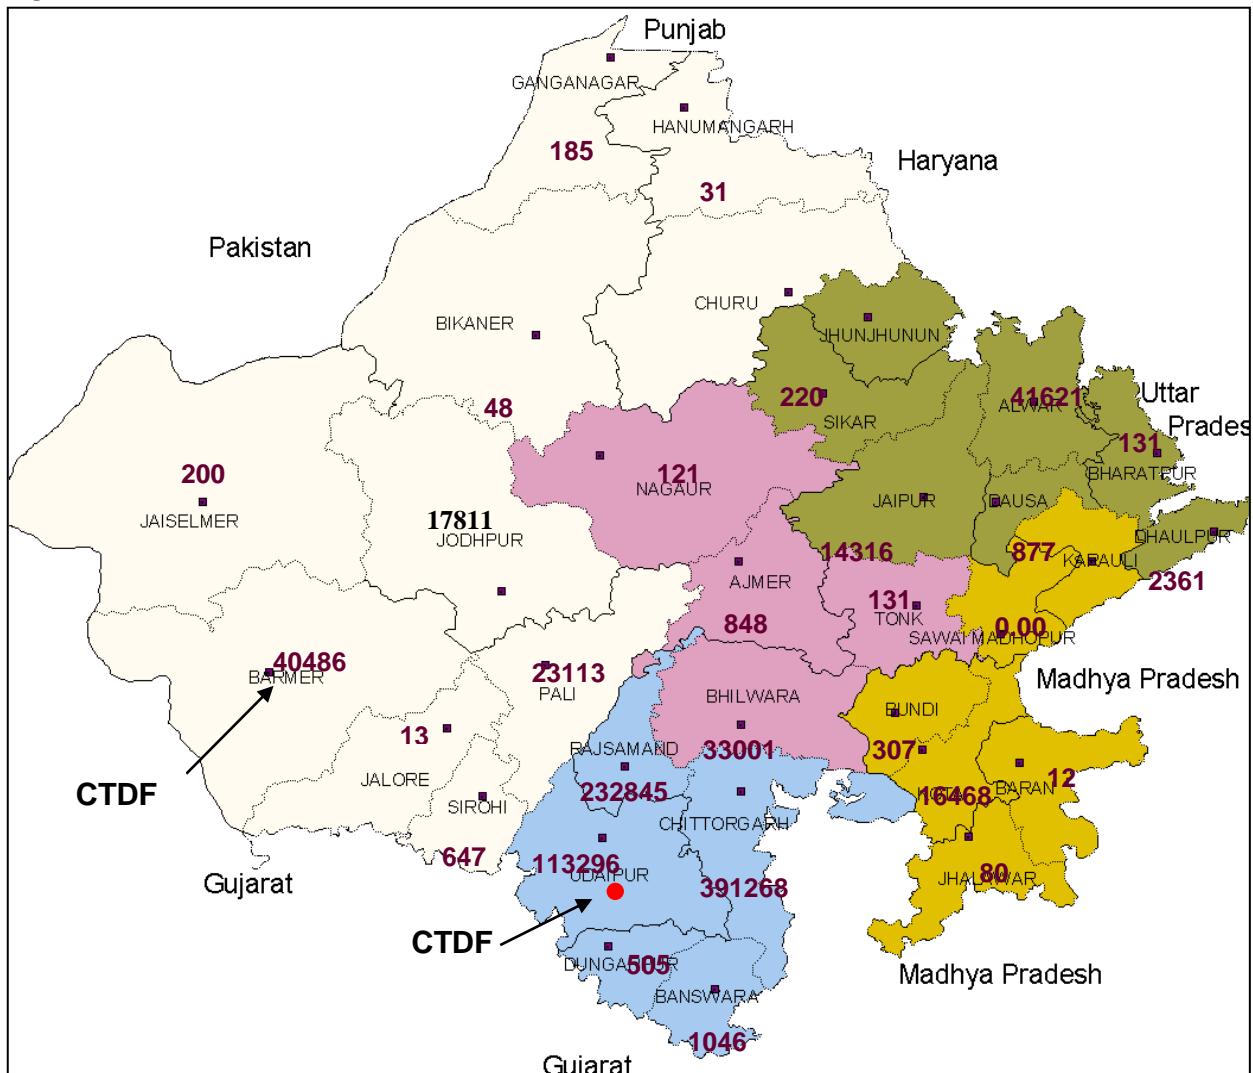

Fig. - 3 Hazardous Waste Generation in State (% Contribution of Units)

Fig: 4 - State Map showing Hazardous Waste Generation in Districts

13

(C). Hazardous waste disposal practices in potential hazardous Waste generating units

Hazardous Waste Disposal Practices	Quantity (MTA)
1- SLF (Captive)	567792
2- Reuse in Process	154470
3- Sales to registered recyclers	56774
4- Co-incineration/co-processing	69714
5- CTSDF Udaipur/ Balotra	46845
6- Incineration	36260
7- Bioremediation	116
8- Storage	16
Total	931987

Note : The hazardous waste generation are based on the authorization issued under Hazardous Waste (Management, Handling & Transboundary Movement) Rules, 2008 but shall vary depending upon the actual production by the unit.

4.1 Submission of Inventory of Hazardous Waste Generated in the State to the Hon'ble Supreme Court:

The detailed inventory of hazardous waste generated has been prepared by the State Board & is being submitted before the Monitoring Committee of the Hon'ble Supreme Court.

4.2 Preparation of Inventory of waste dumpsites in the State & Rehabilitation Plan:

The State Board has identified only one hazardous waste dump site in the State at Bichhadi, Udaipur. M/s Hindustan Agro Chemicals Ltd., Bhicchadi, Udaipur was in operation up to 1996 & discharged/dumped its hazardous waste generated by it and its subsidiary units namely M/s Silver Chemicals, M/s Jyoti Chemicals, M/s Phosphate India & M/s Rajasthan Multi Fertilizers in and around the premises of the industry. These units were manufacturing H-Acid, Sulphuric Acid, Oleum, Chloro sulphonic Acid, Phosphatic Fertilizers & other chemical. The units were closed down by the orders dated 13.2.1996 of the Hon'ble Supreme Court of India in the Writ Petition Civil No. 967/89- Indian Council for Enviro legal Action V/s. Union of India & others. The task of remediation of the environment & of rehabilitation of the affected area is being performed by the Ministry of Environment & Forest, Government of India as per directions passed by the Hon'ble Supreme Court in the aforesaid Writ Petition & various Interim Applications filed before the Hon'ble Supreme Court in the above cited matter. The Ministry of Environment & Forest, Govt. of India had got the feasibility study conducted for remediation of the contaminated environment in Village, Bicchadi & Surrounding areas through a consortium of consultants i.e. NEERI & M/s SENES Consultants Ltd., Canada.

The Hon'ble Court, during hearing in the matter on 27-04-2006, directed the MoE&F to determine the scope of work on the basis of reports already submitted before the court and proceed further for remediation as per the time schedule fixed by it. The Hon'ble Court on 27-04-2006 further directed that the matter be fixed for hearing after 11-08-2006 before the appropriate bench in order to ensure that the program is strictly followed.

The Hon'ble Court heard the interim applications no. 36 & 44, filed by the industry continuously from 20.10.09 to 22.10.09 and pronounced judgment on 18.07.11. The Hon'ble Court while dismissing the IA No. 36 and 44 with costs directed the industry to pay Rs. 37.385 Crore alongwith compound interest @ 12% per annum from 04.11.97 till the date the amount is paid or recovered. The industry was directed to pay cost of Rs. 10 Lack in both the interlocutory applications. The Hon'ble Court ordered that the amount of cost would also be utilized for carrying out remedial measures in village Bichhadi and surrounding areas in Udaipur District of Rajasthan on the direction of the concerned authorities. The Hon'ble Court has also directed that in case the said amount and costs are not paid within two months, the same would be recovered as arrears of the land revenue. Both these interlocutory applications were accordingly disposed of by the Hon'ble Court finally. As per order of the Hon'ble Court the competent authority is MoEF/State in this regard. Finally the writ petition No. 967/1989 has been disposed of by the Hon'ble Court on 26/04/2013.

4.3 Submission of said Inventory & Rehabilitation Plan before the Hon'ble Court.

The State Board has identified only one hazardous waste dump site in the State at Bichhadi, Udaipur. M/s Hindustan Agro Chemicals Ltd., Bhicchadi, Udaipur was in operation up to 1996 & discharged/dumped its hazardous waste generated by it and its subsidiary units namely M/s Silver Chemicals, M/s Jyoti Chemicals, M/s Phosphate India & M/s Rajasthan Multi Fertilizers in and around the premises of the industry. These units were manufacturing H-Acid, Sulphuric Acid, Oleum, Chloro sulphonic Acid, Phosphatic Fertilizers & other chemical. The units were closed down by the orders dated 13.2.1996 of the Hon'ble Supreme Court of India in the Writ Petition Civil No. 967/89- Indian Council for Enviro legal Action V/s. Union of India & others. The task of remediation of the environment & of rehabilitation of the affected area is being performed by the Ministry of Environment & Forest, Government of India as per directions passed by the Hon'ble Supreme Court in the aforesaid Writ Petition & various Interim Applications filed before the Hon'ble Supreme Court in the above cited matter. The Ministry of Environment & Forest, Govt. of India had got the feasibility study conducted for remediation of the contaminated environment in Village, Bicchadi & Surrounding areas through a consortium of consultants i.e. NEERI & M/s SENES Consultants Ltd., Canada.

The Hon'ble Court, during hearing in the matter on 27-04-2006, directed the MoE&F to determine the scope of work on the basis of reports already submitted before the court and proceed further for remediation as per the time schedule fixed by it. The Hon'ble Court on 27-04-2006 further directed that the

matter be fixed for hearing after 11-08-2006 before the appropriate bench in order to ensure that the program is strictly followed.

The Hon'ble Court heard the interim applications no. 36 & 44, filed by the industry continuously from 20.10.09 to 22.10.09 and pronounced judgment on 18.07.11. The Hon'ble Court while dismissing the IA No. 36 and 44 with costs directed the industry to pay Rs. 37.385 Crore alongwith compound interest @ 12% per annum from 04.11.97 till the date the amount is paid or recovered. The industry was directed to pay cost of Rs. 10 Lack in both the interlocutory applications. The Hon'ble Court ordered that the amount of cost would also be utilized for carrying out remedial measures in village Bichhadi and surrounding areas in Udaipur District of Rajasthan on the direction of the concerned authorities. The Hon'ble Court has also directed that in case the said amount and costs are not paid within two months, the same would be recovered as arrears of the land revenue. Both these interlocutory applications were accordingly disposed of by the Hon'ble Court finally. As per order of the Hon'ble Court the competent authority is MoEF /State in this regard. Finally the writ petition No. 967/1989 has been disposed of by the Hon'ble Court on 26/04/2013.

4.4 Fixing time frame for implementation of Rehabilitation Plan by SPCB/PCCs.

The State Board has identified only one hazardous waste dump site in the State at Bichhadi, Udaipur. M/s Hindustan Agro Chemicals Ltd., Bhicchadi, Udaipur was in operation up to 1996 & discharged/dumped its hazardous waste generated by it and its subsidiary units namely M/s Silver Chemicals, M/s Jyoti Chemicals, M/s Phosphate India & M/s Rajasthan Multi Fertilizers in and around the premises of the industry. These units were manufacturing H-Acid, Sulphuric Acid, Oleum, Chloro sulphonic Acid, Phosphatic Fertilizers & other chemical. The units were closed down by the orders dated 13.2.1996 of the Hon'ble Supreme Court of India in the Writ Petition Civil No. 967/89- Indian Council for Enviro legal Action V/s. Union of India & others. The task of remediation of the environment & of rehabilitation of the affected area is being performed by the Ministry of Environment & Forest, Government of India as per directions passed by the Hon'ble Supreme Court in the aforesaid Writ Petition & various interim applications filed before the Hon'ble Supreme Court in the above cited matter. The Ministry of Environment & Forest, Govt. of India had got the feasibility study conducted for remediation of the contaminated environment in Village, Bicchadi & Surrounding areas through a consortium of consultants i.e. NEERI & M/s SENES Consultants Ltd., Canada.

The Hon'ble Court, during hearing in the matter on 27-04-2006, directed the MoE&F to determine the scope of work on the basis of reports already submitted before the court and proceed further for remediation as per the time schedule fixed by it. The Hon'ble Court on 27-04-2006 further directed that the matter be fixed for hearing after 11-08-2006 before the appropriate bench in order to ensure that the program is strictly followed.

The Hon'ble Court heard the interim applications no. 36 & 44, filed by the industry continuously from 20.10.09 to 22.10.09 and pronounced judgment

on 18.07.11. The Hon'ble Court while dismissing the IA No. 36 and 44 with costs directed the industry to pay Rs. 37.385 Crore alongwith compound interest @ 12% per annum from 04.11.97 till the date the amount is paid or recovered. The industry was directed to pay cost of Rs. 10 Lac in both the interlocutory applications. The Hon'ble Court ordered that the amount of cost would also be utilized for carrying out remedial measures in village Bichhadi and surrounding areas in Udaipur District of Rajasthan on the direction of the concerned authorities. The Hon'ble Court has also directed that in case the said amount and costs are not paid within two months, the same would be recovered as arrears of the land revenue. Both these interlocutory applications are accordingly disposed of.

The Ministry of Environment and Forest, Government of India, New Delhi, is required to implement the aforesaid directions in terms of the judgment, dated 13.02.96, of the Hon'ble Supreme Court, wherein it had directed that in case, the units do not pay the cost of remediation the same shall be recovered by the Central Government in accordance with law and the amount so recovered shall be utilized by the Ministry of Environment & Forests for carrying out necessary remedial measures to restore the soil, water resources and the environment in general of the affected area to its former State. As per order of the Hon'ble Court the competent authority is MoEF /State in this regard. Finally the writ petition No. 967/1989 has been disposed of by the Hon'ble Court on 26/04/2013.

4.5 Application For Extension of Time For Compliance of Directions:

As suggested by the Monitoring Committee in the third meeting at Gandhinagar, the State Board has already requested the State Government vide its letter dated 31.3.2004 to provide subsidy for development of CTSDFs by way of either capital subsidy or by providing land at subsidized cost on the pattern adopted in Gujarat, Maharashtra & A.P. by referring a specific case of CTSDF at Udaipur.

Annexure 1

List of Industries which have developed Secured Land-fill Facilities (SLF)/ Incinerator at individual level

S.No.	District	Name of the Industry	Facility
1	Alwar	Lords Chloro Alkalied Ltd	SLF
2	Alwar	Ranutrol India Ltd (Connected with CTDF also).	SLF
3	Alwar	SRF Ltd	SLF
4	Chittorgarh	Hindusthan Zinc Ltd. (Chanderia)	SLF & Jarosite disposal facility
5	Udaipur	Hindustan Zinc Ltd.(Debari)	SLF & Jarosite disposal facility
6	Udaipur	Hindustan Zinc Ltd.(Dariba)	SLF & Jarosite disposal facility
7	Kota	Shri Ram Chemical & Fertilizers	SLF
8	Udaipur	Rose Zinc Ltd. (Presently not in operation)	SLF
9	Alwar	Continental Petroleum Ltd., Behror(Connected with CTDF also)	Common Incinerator*
10	Alwar	Seigwerk India Pvt. Ltd (Connected to common Incinerator also)	Incinerator
11	Dholpur	Rajasthan Explosive & Chemical	Incinerator**
12	Jaipur	Indomax Chemicals(Connected with CTDF also)	Incinerator
13	Jaipur	Mahandra & Mahendra (Connected to common Incinerator also)	Incinerator
14	Jodhpur	Penta Capsules Ltd. (Unit closed)	Incinerator
15	Alwar	Gillette India Ltd. (Connected to common Incinerator also)	Incinerator
16	Barmer	Cairn Energy India PTY Ltd.	SLF and Incinerator

* Previously this was a individual incinerator having capacity of 5000 TPA but the utilization was only 10% of the installed capacity. Therefore this incinerator was allowed to incinerate the incinerable waste of other similar industries.

** Open incineration as per Explosive Rules
