OFFICE ORDER

Rajasthan Water (Prevention & Control of Pollution) Rules 1975 and Rajasthan Air (Prevention & Control of Pollution) Rules, 1983 provide structure for consent fee to be remitted with applications for Consent to Establish and Consent to operate under respective Acts. As per the fee structure prescribed under the Rules, the amount of fee is based on capital investment. As per the present practice, the capital investment includes investment made in land, building, plant & machinery and misc. assets without depreciation.

It has been observed that in many cases of STPs the land is owned by the local body for which no cost is paid by local body.

Accordingly, in supersession to above, it is hereby directed that in case where STP has been setup on land owned by local body or allotted by the State Govt. to it free of cost/on a token amount, it will not be mandatory to include cost of land in the total capital cost of such STP & the consent fee will be charged accordingly.

This order shall come into force with immediate effect.
