Date:

## Office Order

The issue of imposition of Standards under consents was reviewed. It has been observed that there are a couple of cases, where either incomplete standards were prescribed or standards prescribed in consent letters were incorrect (like, general standards in lieu of industry specific standards were prescribed). It appears that due diligence is not observed, while prescribing standards in consent letters. The officers in the Groups and Regional Offices need to keep themselves updated regarding applicable standards and before making draft letter should recheck.

In view of the above, it is hereby directed that in future Group In-charges and Regional Officers should observe due diligence while specifying standards in CTE/CTO letters.

This bears approval of the competent authority.
